

Overall Design Overview (provisional geometry • concept)

Provisional concept boundary • Not an official redline • Recalculate after official data

Overall design area ~11.4 km² (announcement) - one corridor, two belts, three nodes (concept)

Three Key Areas - Concept Locations and Design Tasks

One belt, three nodes - long-term operation loop (concept, provisional)

Provisional concept boundary • Not an official redline • Recalculate after official data

Three-node close-up

Legend

- Overall design scope (provisional)
- Key areas (provisional)
- - - Slow-traffic spine (walk & cycle)
- - - JZ heritage strip - experience corridor
- ★ AI landmark (concept)

Three nodes along the JZ heritage strip (N-S axis); closed concept envelopes only, not statutory controls.

L2 Signage Gallery

Zhongzhiyuan + Service Wing;
T1-T5 loop

- VIS-C02 Layered Rings
- S04/S10 cards + logs
- G2 human check

L1 Visual Hub

AI Origin Community; bilingual
human fallback

- VIS-C01 Origin Circle
- S01 wayfinding - T1
- S09 co-creation

L3 Narrative Hall

Dazhongsi + Xiaoyuehe Wing;
scene review

- VIS-C03 Grid Chain
- S08/S10 - T4/T5
- Waterline + human service

Key areas are concept envelopes from announcement clues; final siting follows organizer boundaries and field survey.

Slow-Traffic & Blue-Green Network (concept, with AI scene links)

Provisional concept boundary • Not an official redline • Recalculate after official data

L1-L3 nodes connect through slow mobility and blue-green interfaces - scene cards enter human review

Blue-green framework

- Heritage greenbelt + Xiaoyuehe waterline
- Staff + paper + voice + accessibility
- S06/T2 at blue-green nodes

Slow-traffic tiers (concept)

- S01/S06 wayfinding + access on slow spine
- L1 -> L2 -> L3: turn, fork, review-back
- Reversible; field-verify before siting

Wayfinding and accessibility

- Bilingual icons
- Braille + low signs
- Staff desk + offline paper path

Representative scene points: S01 / S06 / S08 (concept)

Node positions, service radius, and accessibility require field verification; cards expose input, draft, human gate, metric, and stop action.

AI ecosystem map: elements, actors, and gates

CONCEPT / PROVISIONAL

The identity layer is not an established partnership; unsupported edges are dotted and verification pending

Source: package geometry + metrics.json; not an official redline; recalculate after official data.

7 elements / 6 actors

Core Metric Evidence (KPI ranges + formal metrics + counts on separate charts)

Recomputed from package geometry; concept values, recalculate after official data.

Provisional concept boundary • Not an official redline • Recalculate after official data

All displayed values are reduced-precision concept figures (participant temporary model data, not authoritative); ratios and counts on separate axes; not a numerical comparison.

VIS•JZ visual identity: three concept directions and touchpoints

CONCEPT / PROVISIONAL

Dot / folded line / open frame; all require rights, bilingual, and legibility tests

A Origin Circle

dot / origin circle

Community entry / Q&A start

B Folded Rail

folded line / Rail Sequence

Signage Gallery / turn point

C Open Frame

open frame / review window

Narrative Hall / evidence review

Touchpoints

Gateway

Sign

Ground decal

Badge

Board

Web

Mobile card

Night film

Source: package geometry + metrics.json; not an official redline; recalculate after official data.

concept only

Formal task crosswalk

Formal IDs are preserved; A–F are specialism chapters.

agent.1 Overall concept and functional coordination	A Identity translation	overview/logo; 3 positions, 5 functions
agent.2 Full-stack AI and world-class ecosystem	B Eight-element interfaces	ecosystem map; 6 cases, 8 elements
agent.3 AI+ scenarios and vitality city	C Scenario cards and tests	S01–S12; T1–T5; 5 roles
agent.4 Public space, new formats and landmarks	D Landmarks and components	key areas; L1–L3; C01–C06
agent.5 Jing-Zhang, Zhongguancun and AI culture	E Cultural communication	Narrative Hall, terms, international copy
agent.6 Global activities and long-term operation	F Annual activities	AP01–AP04; annual_program_count=4

Annual programme AP01–AP04

Four concept activities; full field table is in the bilingual proposal.

AP01 VIS • JZ Open Systems Day

Once/year; L1; residents/youth/developers/visitors RACI: R community / A annual operations / C access-legal
Resources: venue permission, paper cards, staffed service, bilingual edit KPI wayfinding >=90%; G1; withdraw if permission/staff/access fails

AP02 Waterline Mobility Week

Once/year; L2–Xiaoyuehe; older/accessibility/families/night RACI: R scenario / A accessibility / C community-safety Resources: human walk, light/obstacle baseline, paper route KPI T1>=90%, T2 pass, glare 0/10; G2; return to staff service

AP03 Three-Node Quarterly Review

Four/year; L1/L2/L3; operators/professionals/community/developers RACI: R data / A operations-compliance / C visual-culture-ethics
Resources: anonymous logs, version wall, sources, human chair KPI versions 100%, backlinks >=95%; G1; pause on source failure

AP04 Rail-to-AI Narrative Festival

Once/year; L3; students/culture/international/residents RACI: R culture / A communications / C history-community-legal Resources: verified history, authorized narrative, bilingual layout, human guide KPI history backlinks 100%, T3>=80%; G3; return to research if evidence fails
