

JINGZHI Avenue — from the first rails to the data spine (Concept)

Centennial Jingzhang AI Innovation Belt international call •
Zhongguancun Avenue AI innovation spine concept study

PROVISIONAL boundary • not an official redline • recalculate after official data

Three-tier scopes (official text caliber): coordinated study $\approx 43.6 \text{ km}^2$ •
overall design $\approx 11.4 \text{ km}^2$ • key areas $\approx 368.4 \text{ ha}$ total; this package
covers the Zhongguancun Avenue AI spine sub-scope within the overall
design scope; all geometry is provisional.

Overall design overview (provisional geometry)

Overall Design Overview — JINGZHI
Avenue, AI Spine of Zhongguancun Avenue (provisional)

PROVISIONAL boundary •
not an official redline •
recalculate after
official data

Three-tier scopes (official text values)

Coordinated study $\approx 43.6 \text{ km}^2$

Overall design $\approx 11.4 \text{ km}^2$

Key areas $\approx 368.4 \text{ ha total}$

This package sits within the overall design scope; the three areas are official text ranges to be recomputed after official polygons are published.

- Overall design scope (provisional)
- Green space (concept)
- Conceptual spine / stitch links
- AI landmark (concept point)

- Key areas (provisional)
- Public space / AI nodes
- Heritage zone (concept)

Avenue experience sequence (concept)

JINGZHI Gateway

Avenue portal AI showcase • digital-art facade

ZHI-WALK Demonstration Block

Slow-traffic-first section • AI scenarios

ZHIWEI Micro-Cells

Courtyard innovation micro-units • community AI booth

Areas and ratios are rounded concept values; recalculate by the declared formulas after the organizer publishes official boundaries and baseline data (recompute trigger).

PROVISIONAL boundary • not an official redline • recalculate after official data

Conceptual land-use structure

Conceptual land-use structure (zone counts in land_use.geojson, single caliber)

PROVISIONAL boundary • not an official redline • recalculate after official data

Land-use class names follow the national Land Use & Sea Classification Guide; no official baseline exists, so this chart shows zone counts (not area shares), recomputed after official data is published.

PROVISIONAL boundary • not an official redline • recalculate after official data

Three nodes: index & design tasks

Mobility & blue-green (with street section)

Mobility & Blue-Green Network
(north-south spine, east-west stitch, with street section)

PROVISIONAL boundary •
not an official redline •
recalculate after
official data

Areas and ratios are
rounded concept values;
recalculate by the
declared formulas after
the organizer publishes
official boundaries and

Street section (conceptual, not engineering)

Conceptual sketch, not an engineering cross-section; dimensions await official data and professional deepening.

PROVISIONAL boundary • not an official redline • recalculate after official data

Key metric evidence (ratios & counts on separate axes)

Key Metric Evidence (ratios and counts on separate axes, rounded; not investment/capacity conclusions)

PROVISIONAL boundary • not an official redline • recalculate after official data

Source: metrics.json; formulas, confidence (medium/low), use limits and recompute triggers are listed in proposal.md; overall recompute after official geometry. Not investment/capacity conclusions.

Co-creation mechanisms & governance boundaries

Co-creation Mechanisms and Governance Boundaries (concept)

PROVISIONAL boundary • not an official redline • recalculate after official data

AI governance guardrails (concept red lines)

Data is anonymized and aggregated only, never individual identification

Every key AI decision goes through human review

No excessive surveillance; no individual tracking

Mechanism toolbox (>=4 mechanism terms)

'Avenue Compact'	'Block Forum'
'Co-create Points'	'Annual Disclosure'
'Contribution Filing'	'Developer Alliance'
'Volunteer Companion'	'Space Booking'
'Node Rotation'	'Tiered Response'

Annual brand event system (5 programmes)

JINGZHI Avenue Season (autumn)

AI Open-Source Carnival (summer)

Street Pop-Up Lab (quarterly)

Public-space AI Art Exhibition (spring)

AI Barrier-free Companion Day (Dec 3)

Open operation & human backstop

- Scenario opening: list - apply - joint review - pilot ~6m - evaluate - scale/exit
- Resident feedback channel • annual disclosure • annual programmes
- Manual/paper/phone backstop; failing pilots exit and roll back to staffed counters
- Lean RACI: government • campus • enterprises • community • volunteers

All are conceptual suggestions, not commitments; names and marks are internal working codenames pending trademark clearance.

Brand & visual identity (concept)

Brand & Visual Identity (concept) -
JINGZHI Avenue: from the first rails to the data spine

PROVISIONAL boundary • not an
official redline • recalculate
after official data

From rails to data

JINGZHI Avenue

From rails to data; from
a factor-movement street
to an AI-innovation-
service street

JINGZHI Gateway • ZHI-WALK Demo Block • ZHIWEI M

Primary palette

Concept brand: a three-chapter story from the 1909 JINGZHANG Railway origin to the innovation belt to the data spine; typeface Noto Sans SC (OFL); uses: wayfinding screens / kiosks / ground markings / digital facades. No formal trademark or prior-right search has been completed; names and marks are internal working codenames only.

PROVISIONAL boundary • not an official redline • recalculate after official data
