PROVISIONAL · CONCEPTUAL · NOT EXISTING · NOT APPROVED · RIGHTS / BUDGET / CONSTRUCTION COMMITMENT NOT ESTABLISHED

These are not one template with three names: waterside test logistics, quiet knowledge service and arrival-recovery flagship have different risks, human roles, components and return paths.

P8.19 / 05 THREE ROOMS

COMPLETE

HIDE THE LABELS; THE THREE PLACES REMAIN LEGIBLE

Three plans, sections, failures, human roles and recovery paths replace one repeated state template.

ZHONGZHIYUAN (NORTH) TEST + LOGISTICS ROOM

PLAN

SECTION

FAIL

Unclear waterside rights or maintenance edge; robot route conflicts with the public clear line

HUMAN

Test-safety and maintenance marshal

COMPONENT

Mechanically lockable linear test bay

RECOVERY

Equipment arrival—land-side check—local test—human stop—withdrawal review

AI Origin Community + Staffed Service Room

PLAN

SECTION

FAIL

Queues, noise or digital barriers invade the quiet community ground floor

HUMAN

Public knowledge and appeal steward

COMPONENT

Closable quiet edge house with staffed window

RECOVERY

Enter without phone—staffed enquiry—paper service—decline AI—appeal and leave

Dazhongsi Arrival + Recovery Flagship

PLAN

SECTION

FAIL

Peak or night congestion lets the side carrier encroach on the arrival line

HUMAN

Arrival marshal and return-acceptance lead

COMPONENT

One-sided micro-terrace, withdrawal band and staffed state point

RECOVERY

Station arrival—accessible clear line—staffed help—freeze takeover—return acceptance

ZHONGZHIYUAN (NORTH) | TEST + LOGISTICS

AI ORIGIN | COMMUNITY + STAFFED SERVICE

DAZHONGSI | ARRIVAL + RECOVERY

QUIET THRESHOLD · KNOWLEDGE/APPEAL STEWARD · CLOSABLE EDGE-HOUSE

CONTINUOUS ARRIVAL LINE · RETURN LEAD · ONE-SIDED TERRACED FORECOURT

15-SECOND PATH: find FREEZE, then HUMAN TAKEOVER, then RETURN. All four states keep the same camera, clear line and staffed service.
