

Site overview — land use & structure (full extent)

总体设计范围用地与结构总览图（对照中文）

Wind rose • schematic (not measured)

② Structure & road network

- Site scope (provisional)
- Key areas (3 sites, dashed)
- Green & blue-green frame
- Public space & slow-traffic ring
- Jingzhang greenway spine
- Transit connection
- Secondary / branch

Metadata

Datum CGCS2000 | Projection Gauss–Krüger 3° zone 117°E
Central meridian 117°E | Vertical datum 1985 National Vertical
Source: maintainer provisional polygon + OSM basemap (schematic)

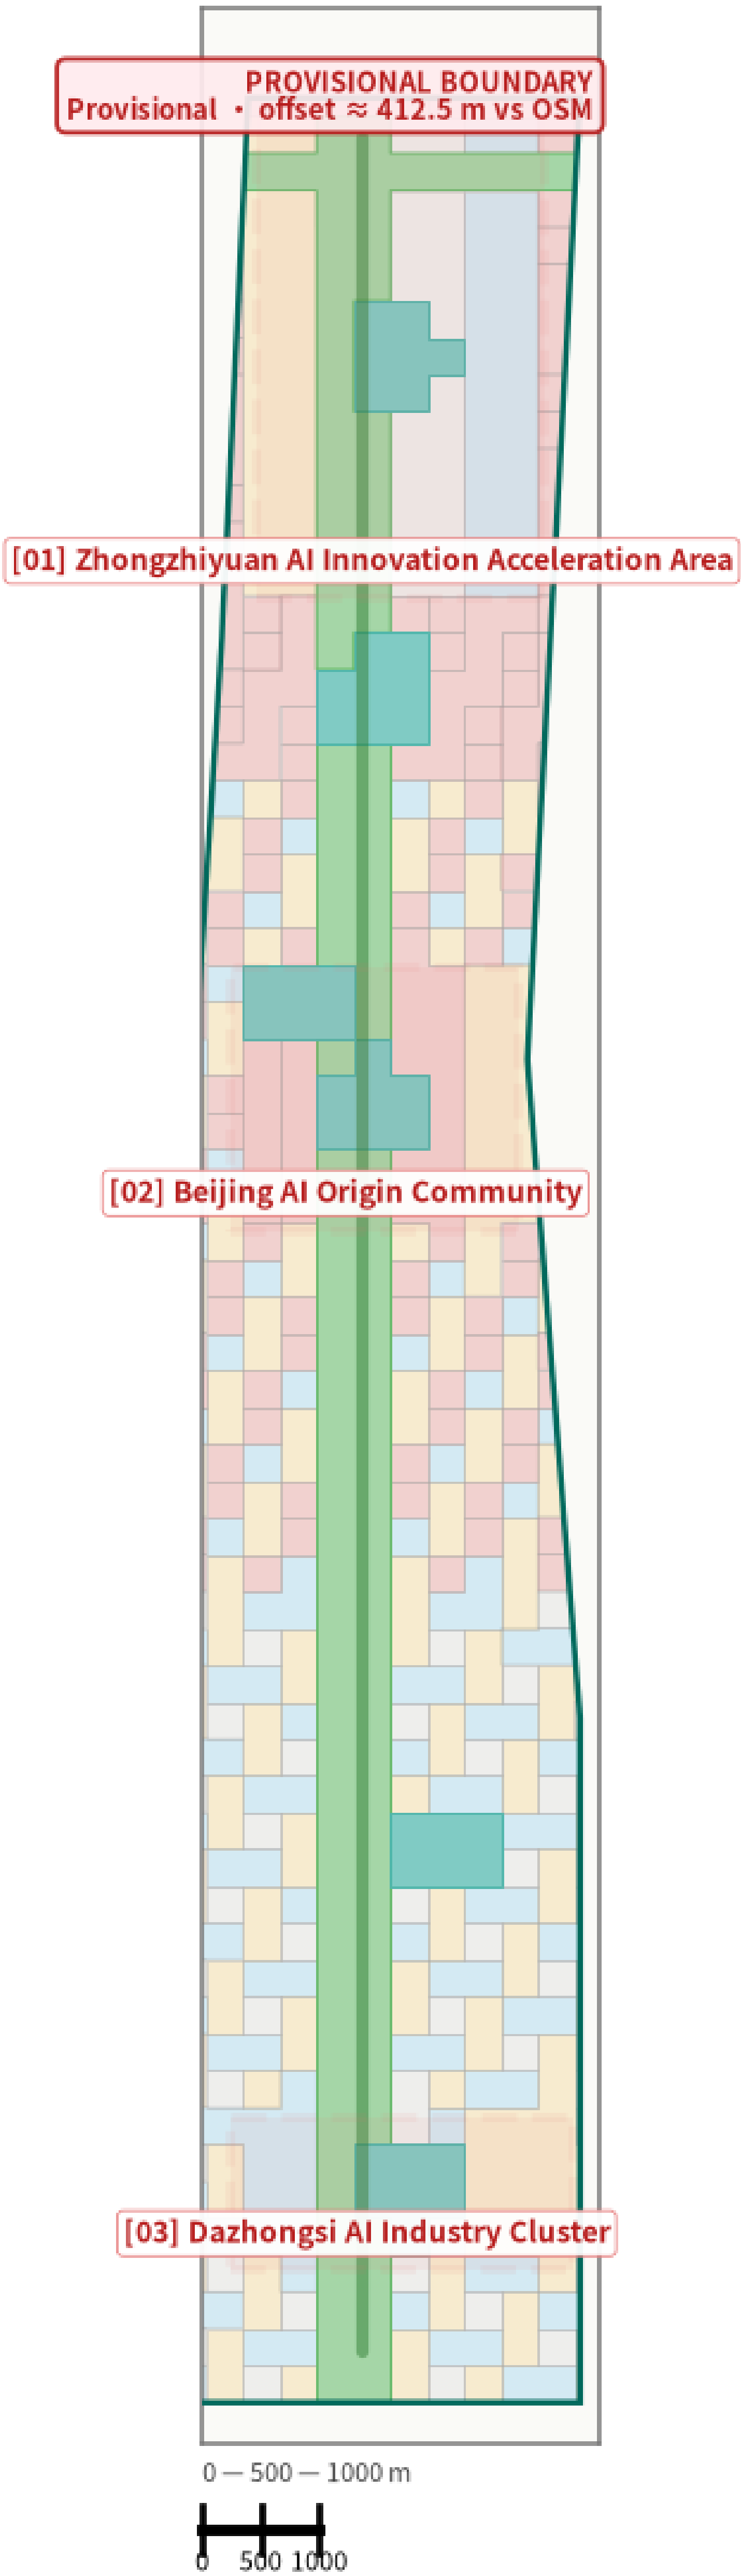

TITLE BLOCK

Title	Site overview — land use & structure
Figure no.	JZ-OV-01E
Scale	1:8000
Datum / projection	CGCS2000 / Gauss–Krüger 3° zone 117°E
Vertical datum	1985 National Vertical
Drafter	lzcapp (open source, no licensed seal)
Issue / data cutoff	2026-08-30 / 2026-08-30
Version / clearance	v3.3 / Public

Notes: ① Submitted geometry is the organizer's provisional rough polygon ($\sim$ 11.4 km²), offset $\sim$ 412.5 m from the OSM-mapped Jingzhang railway heritage park — for generation, self-check and conceptual discussion only, not a redline; ② Public participation and accessibility walkthroughs are design projections, not yet carried out; ③ Colors and symbols do not represent any government commitment.

Three key areas within the provisional boundary (zoomed)

三处重点区详图（对照中文）

Three key areas

No. / Name / Announced area
01 Zhongzhiyuan AI Innovation Acceleration • 1.93 km²
02 Beijing AI Origin Community • 1.04 km²
03 Dazhongsi AI Industry Cluster • 0.72 km²

Title	Three key areas (zoomed)
Figure no.	JZ-KA-01E
Scale	1:8000
Datum / projection	CGCS2000 / Gauss–Krüger 3° zone 117°E
Vertical datum	1985 National Vertical
Drafter	lzcapp (open source, no licensed seal)
Issue / data cutoff	2026-08-30 / 2026-08-30
Version / clearance	v3.3 / Public

Notes: ① Submitted geometry is the organizer's provisional rough polygon (~11.4 km²), offset ~412.5 m from the OSM-mapped Jingzhang railway heritage park — for generation, self-check and conceptual discussion only, not a redline; ② Public participation and accessibility walkthroughs are design projections, not yet carried out; ③ Colors and symbols do not represent any government commitment.

Land-use structure by MNR classification guide

用地分类结构（自然资源部，对照中文）

① Land use (MNR classification guide)

Code / Name	Area	Share
0701 Urban residential	3.03 km ²	26.5%
05 Wetland	2.28 km ²	19.9%
1401 Park green space	1.88 km ²	16.5%
0802 Research	1.33 km ²	11.7%
16 Reserved land	0.98 km ²	8.6%
1403 Square	0.76 km ²	6.7%
0803 Cultural	0.65 km ²	5.7%
0804 Education	0.26 km ²	2.3%
1402 Buffer green space	0.24 km ²	2.1%
TOTAL	11.41 km²	100.0%

Blue-green slow-traffic network and public space

蓝绿慢行网络与公共空间（对照中文）

② Road network hierarchy

Class	Color	Width
Greenway (Jingzhang spine)	Green	
Transit connection	Blue	
Secondary road	Brown	
Branch road	Light brown	

③ Blue-green metrics (from provisional polygon)

Green ratio 18.57% • Public-space share 6.68%
Blue-green total 25.25% (design target $\geq$ 35%)

Key metrics & evidence (recomputed from provisional geometry)

关键指标与证据概览（对照中文）

Key metrics • source • precision

Metric / Value / Note		
Site area		11.41 km²
recomputed from provisional polygon		
Key areas		3 areas / 3.69 km²
announced 368.4 ha • computed 369.3 ha		
Green ratio		18.57%
recomputed from green_space		
Public space		6.68%
recomputed from public_space		
Building density		27.21%
estimated from land_use
